

# Rawda Ezz Eldin    Front-End Web Developer (Angular)

rawdaeazzmostafa123@gmail.com   +20 106 315 5494    Banha, Egypt    GitHub:<https://github.com/Rawda203>

## PROFILE

Front-End Developer specialized in Angular, TypeScript, and modern front-end frameworks. Dedicated to building responsive, user-friendly web applications with a strong focus on performance, accessibility, and maintainability. Fast learner with practical training and real-world experience.

## SKILLS

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks: Angular (v12+), Angular Material, Bootstrap, RxJS
- Tools: Git, GitHub, NPM, VS Code, Chrome DevTools
- Concepts: RESTful APIs, SCSS, Responsive Design, Lazy Loading, Routing, Reactive Forms

## PROJECTS

### E-Commerce Angular App | 2024

Built a complete Angular-based e-commerce platform with routing, lazy loading, and state management using RxJS. Implemented reusable components and responsive design practices.

### Angular Blog Platform | 2024

Developed a blogging platform with login/auth, CRUD functionality using Angular's HttpClient and Bootstrap. Integrated mock API and responsive layout.

## WORK EXPERIENCE

### Front-End Intern - ITI Banha | Jan 2024 - Apr 2024

- Built real-time dashboard interface using Angular components.
- Collaborated in a team to deliver modular, scalable UI components.

## EDUCATION

### Business administration

### October High Institute for Engineering & Technology - OHI

## CERTIFICATES & COURSES

- Angular Development - Udemy / ITI / Coursera
- Responsive Web Design - freeCodeCamp
- Git & GitHub - Udacity / Coursera

## LANGUAGES

Arabic: Native

English: Very Good (Reading & Writing)

## SOFT SKILLS

Teamwork, Flexibility, Creativity, Innovation
